

2017 JUNIOR NATURE CAMP SCHOLARSHIP APPLICATION

PLEASE READ CAREFULLY. *These guidelines have been established to ensure a smooth process to accommodate as many applications as our funding will allow in a timely and equitable manner.*

Guidelines:

1. *Scholarship consideration is based on need, merit, timeliness of application, and availability. First consideration will be given to financial need.*
2. *A separate application is required for each child.*
3. *No incomplete application will be considered. If incomplete, it will be returned to you. Review your application thoroughly before submission.*
4. *All camp scholarship awards and subsequent registration will be processed by the Oglebay Institute Administration Office, not through the customer service desk at the Schrader Center.*
5. *Submission of this scholarship application DOES NOT AUTOMATICALLY ENROLL YOUR CHILD IN CAMP.*
6. *APPLY EARLY! So that you may plan your family's summer activities, awards will be announced shortly after the scholarship application deadline of May 12, 2017. Should funding resources remain, applications received between May 13 & June 15, 2017 may be reviewed and funding consideration given. Applications received after June 16, 2017 will not be considered.*
7. *Due to the large number of requests for financial assistance, scholarship awards are partial. You will have a balance to pay in order for your child to attend camp. Your child is not officially enrolled until any required balance is paid.*
8. *If your child would like to be considered for the Greg Park Scholarship, an additional essay is required. Information and instructions are at the end of this form.*

As a courtesy to our generous funding partners, your child will be required to submit a "thank you" card or letter.

If you have any questions, please call our office before submitting your application. We are happy to explain things further and help you with the process. Any questions may be directed to Lynnette Sickles, Executive Assistant, at 304 242-4200 or lsickles@oionline.com

Return completed form to:
Oglebay Institute Scholarship Committee
1330 National Road
Wheeling, WV 26003
Fax 304 242-4203

Information provided on this application is considered strictly confidential by Oglebay Institute.

Oglebay Institute is proud to publicize the accomplishments of our students and promote our programs to the public. Photographs and/or video recordings of you and/or your child/children may be taken by the media and/or OI staff members for promotional purposes only. Oglebay Institute may use these names and images to promote itself, its fiscal agent, and/or their activities. I give my consent. I do not give my consent.

For Internal Office Use Only

Date Received in Administration: _____

Date of review: _____

Total Amount Requested: _____

Total Amount Awarded: _____

Family Contribution: _____

President's Signature: _____

Notes: _____

The Greg Park Scholarship

One participant in Junior Nature Camp will be awarded the Greg Park Scholarship. Upon Greg's retirement in 2014, a two-week full scholarship in his name was created to honor his passion for learning and teaching about the natural world.

A native of Ripley, West Virginia, Greg Park has been sharing his knowledge about nature and history for more than 45 years. He first became interested in the world around him through his participation in Boy Scouts where he earned the rank of Eagle Scout.

Greg has served as a swimming coach at the U.S. Coast Guard Training Center in Cape May, New Jersey where he studied, taught and lived in one of the premier birding locations in the world. A highlight of his love of history was his participation as a re-enactor specialist in the film *The Patriot*. A believer in lifelong learning, Greg is also passionate about exploring places he's never been, learning things he doesn't know, and working with his hands. He carves, engraves, and is learning to blacksmith.

Greg served as Oglebay Institute's Naturalist for 30 years, spending many summers at Junior Nature Camp inspiring three generations of campers. After his retirement, he continues to stay involved and is recognized as Oglebay Institute's Naturalist Emeritus. He is widely known as one of the region's foremost naturalists and environmental educators.

He received his master's degree from West Virginia University in Biology Education. Though a teacher by trade, he has also completed important scientific research including the discovery of a new species of troglobite cave beetle named in his honor - *Pseudanopthalmus parki*.

To apply for the Greg Park Scholarship, please fill in the scholarship form and submit an essay as a separate attachment on the following topic:

Explain the importance of nature education and spending time outdoors to today's society.
